Pull through Dates

- Return to stock bottles/vials only 11/30/2022
- All other product pull through 1/31/2023
- Return only damaged flu vaccine.
- Enter all wasted covid vaccine. See note below about after submitting

Deadlines

- Requests submitted via Remedy beginning Sun 11/6
- Remedy approval requests must be entered by 11/17
- Corrections must be made and submit returns through Inmar by end of day 11/18
- Product must be shipped out by Fri 11/25

Reminders

- ♦ **Ensure all wasted covid vaccine is returned.** The day following submitting the return on Inmar's site, complete an ICAP for all covid vaccine.
- ♦ **Shipping labels must be used 1 label to 1 box.** Do not combine boxes. Keep all boxes, even controls, separate
 - If multiple boxes are needed, you must create a separate return for each box. Get approval for each box before starting the next
- ♦ **Lot and expiration date is required Use the abbreviations below:**
 - RTS-Return to Stock Bottles and vials
 - PR-Patient Returns, product has left the pharmacy
 - DG-Damaged Goods
 - RC-Recall
- ♦ **Compounds-** Enter qty 1 in the partial column for the most expensive NDC; Update all NDC's BOH the day following your approved submitted return
- ♦ **Separate boxes are required for these products** to be compliant with state laws
 - MI-gabapentin
 - IL and WI-PSE
 - IN-butalbital
 - KY-butalbital and gabapentin

Notes

- ♦ Verify your BOH is accurate. All ICAPs should be completed 48 hours before submission of return.
- ♦ Use the outer pack (box) NDC for any multiple pack items such as birth control, zpaks, etc.

Line	NDC	Description	Manufacturer	Size	Pkg Qty	UOM	Lot #	Exp. Date	Full Price	Full	Partial
66	16714034004	LEVONE ST-28 TABLET	NORTHSTAR RX LL	28,0000	6	EA	18092002	10/30/2020	\$12.91	0	4
67	16714034004	LEVONE ST-28 TABLET	NORTHSTAR RX LL	28,0000	6	EA	18092002	10/01/2020	\$12.91	6	

- Line 66 indicates 4 packs of 28 tabs
- Line 67 indicates 6 full boxes of 6 packs x 28 tabs
